General Race Information.

Volunteers run the Bushy Run District Pinewood Race under the supervision of Kyle Bryan, BR District Executive. Any questions regarding the District Pinewood Derby can be directed to Kyle Bryan, 724-837-1630.

How the Speed race is run:

We have a 4-lane track with a computerized scoring system for race results. Each Scout will race his car 4 times, once on each lane. The computer will record the scout's time for each lane. The 4 times are used at the end to determine the overall fastest car. The times are to the thousandth of a second, so they are very accurate.

The announcer will announce each heat and the "On Deck" heat. Scouts are to be at the starting line when it is their heat. Scouts should come to the starting line when they are "ON DECK". This will expedite the entire process.

Once registration is closed, no scout can join the race. Please be prompt to register your car.

How the Best Design and Most Original are judged:

All rules for the speed cars apply to the "show" cars. This includes height/weight, etc. Decorative items may be purchased via internet/other vendors as long as long as the original BSA kit was used per the stated rules.

The scouts registered in the district Pinewood Derby will decide winners in the best design and most original categories. Each scout will be given one vote. The car with the most votes will be declared the winner.

Oldtimers and Troops:

Oldtimers and Boy Scouts racing need to preregister. Please register oldtimers and boy scouts with your pack. They must be entered into the database in order to race and pre-registration will expedite the process.

Oldtimers/Scouts will follow the same rules and regulations as the cub scouts. Bushy Run District will race with the Laurel Hills oldtimers/scouts.
